PROFILE

M.Sc. student in Data & Knowledge Engineering with a Bachelor's degree in Computer Applications. Experienced in Python, Django, Flask and AI-based application development through academic, industrial training and independent projects. Seeking opportunities to apply data, AI and software engineering skills to real-world technical challenges.

EDUCATION

Date	Qualification	Institution	Grade
Apr 2026 – Present	Data & Knowledge Engineering (M.Sc.)	Otto von Guericke University, Magdeburg, Germany	-
Aug 2022–May 2025	Bachelor of Computer Applications	Mahatma Gandhi University, Kottayam, Kerala, India	8.8/10.0
Sept 2020–Jul 2022	Senior School Certificate Examination - Class XII	Assisi Vidyaniketan Public School, Ernakulam, Kerala, India	77.4%

PRACTICAL EXPERIENCE

AccelerateX, M.A. College of Engineering

Kothamangalam, India | Oct 2024

- Developed and deployed a machine-learning project under industry mentorship.
- Applied data processing, AI modelling and deployment techniques throughout the development process.

Megatrend Knowledge Management Systems Pvt. Ltd.

Ernakulam, India | Apr 2024

- Developed a School Management System covering the full web-development lifecycle.
- Implemented secure multi-level user access and frontend/backend functionality.
- Applied web-development technologies to build and test a functional application.

PROJECTS

AI Resume Evaluator

Python | Flask | Gemini API | PDFPlumber

- Developed a web-based AI application that evaluates resumes against job descriptions with an interface for document upload and structured analysis results.
- Implemented PDF/DOCX text extraction, ATS-style scoring, keyword matching and skill-gap detection.
- Integrated the Gemini API to generate structured feedback on resume quality, missing skills and potential inconsistencies.

FitConnect

Django | MySQL | Bootstrap | Gemini API

- Developed a full-stack web-based gym management application with separate user roles for customers, trainers and administrators.
- Integrated AI-based functionality to provide personalized workout and nutrition suggestions.
- Implemented login, session management, payment tracking, workout planning and diet chart management.

TECHNICAL SKILLS

Programming
Frameworks
AI &Data

Python, Java, JavaScript, HTML, CSS, SQL
Django, Flask, React, Bootstrap
Machine Learning, Gemini API, AI Model Integration, Prompt Engineering

GENERAL
INFORMATION

Paper Presentations &
Conferences

- Presented '**Artificial Intelligence in Strengthening Cybersecurity**' at the International Conference on Artificial Intelligence & Emerging Technologies, Mar 2025.
- Presented '**AI-generated Deepfakes and Cyber Threats: Assessing Risks of Countermeasures**' the National Conference on "Innovate INDIA: Navigating Democracy, Sci-tech and Art for Inclusion and Sustainability", organized by Mahatma Gandhi University Union, Oct 2023.

Professional Trainings &
Certifications

- Completed a 30-hours Value-Added Program on **Cyber Security and Ethical Hacking** conducted by Techbyheart at Rajagiri College of Management and Applied Sciences, Kakkanad, Kochi, Feb 2025.
- Completed a value-added course on "**Advanced Python for Data Analysis**" conducted by the Department of Computer Science in association with IQAC, 2024.
- Completed a certification in **AI Builders Lab** (Bootcamp) presented by Google for Developers, 2024.

Languages
Hobbies
Accomplishments

English (IELTS 7.5), German (Basic), Malayalam (Native), Hindi (Fluent)
Participating in hackathons, Technical Writing, Fitness and Sports
Ranked class 1st in the first-semester university examinations, Rajagiri College of Management and Applied Sciences Campus affiliated with MG University Examination, 2024.

Date: 02.09.2026
Place: Magdeburg, Germany
